PROFILE

Passionate about technology from a young age, I moved to Australia to pursue a career in computer science. I am driven by the desire to understand how machines work and to contribute to innovative solutions through AI and cloud computing. Experienced in AI-driven product development, project coordination, and team leadership.

WORK EXPERIENCE

Practera - Intern (Product Testing & Project Management)

Unplex.me - AI Mind-Mapping Platform Jun 2024 - Aug 2024

- Collaborated with a startup team to test and launch an AI-based platform.
- Took on the role of team leader to coordinate tasks, maintain project workflow, and report progress.
- Gained valuable insights into product lifecycle and startup operations.

Black Grain Coffee Shop - Barista Nov 2023 - Present

- Delivered excellent customer service in a fast-paced environment.
- Developed sales and interpersonal skills while learning coffee craft and latte art.
- Adapted quickly to multitasking under pressure and resolving customer concerns.
